Les symboles représentés de la légende ci-dessous indiquent les caractéristiques techniques et les conditions d'utilisation recommandées. Les symboles de chaque série sont indiqués sur les pages des données techniques en fin de série.

Die in untenstehender Legende aufgelisteten Symbole bezeichnen die technischen Eigenschaften und empfohlenen Einsatzbedingungen. Die Symbole jeder Serie sind auf den Seiten mit den technischen Daten am Ende der jeweiligen Serie veranschaulicht.

VARIAZIONE DELLE SFUMATURE DI COLORE:

La sfumatura o sfumature nelle piastrelle variano da pezzo a pezzo e da produzione a produzione. Quando possibile è consigliabile controllare che pezzi provenienti da una singola produzione abbiano variazioni di sfumatura accettabili. Qualsiasi domanda o dubbio sulla scelta delle mattonelle dovrebbe essere chiarita prima della posa.

COLOR SHADE VARIATIONS:

The color shade of every tile varies from piece to piece and from each production. At least several pieces from the same production should be reviewed whenever possible in order to determine acceptable color shade variations. Any questions or concerns about your tile selection should be clarified before fixing.

VARIATION DES NUANCES

Le denuancement ou les denuancements des carreaux varient d'une pièce à l'autre et d'une production à l'autre. Lorsqu'il est possible, il est conseillé de contrôler que des pièces provenant d'une même production aient des différences de nuances acceptables. Toute demande ou doute concernant le choix des carreaux devrait être formulé et résolu avant la pose.

VARIATION DER FARBUANCEN:

Die Nuance oder Nuancen der Fliesen ändern sich von Stück zu Stück und von Produktion zu Produktion. Sofern möglich ist es ratsam zu kontrollieren, dass Teile, die aus einer einzigen Produktion kommen, annehmbare Variationen der Nuancen aufweisen. Alle Fragen oder Zweifel über die Wahl der Fliesen sollten vor der Verlegung geklärt werden.
