Consolle in ottone riscaldata elettricamente.  
Le dimensioni possono essere modificate in  
base alle esigenze del cliente. Disponibile in  
oltre 20 finiture.

Electrically heated brass console. The size  
can be changed according to the customer's  
needs. Available in over 20 finishes.

La struttura è pensata anche per accogliere  
il ripiano (top) su cui appoggiare il lavabo.

The structure is also designed to  
accommodate the shelf (top) on which  
to place the washbasin.

Lo scaldasalviette necessita di un solo punto luce di collegamento elettrico per riscaldare tutta la struttura. Questo permette di evitare interventi di muratura ed avere in bagno un prodotto dal design moderno. Il materiale impiegato, come sempre, è l'ottone e quindi anche questo modello è disponibile in oltre 20 finiture.

The towel warmer needs only one electrical connection point to heat the entire structure. This allows you to avoid masonry work and have a modern design product in the bathroom. The material used, as always, is brass and therefore this model is also available in over 20 finishes.
